

Super Summer STEM Camp

Come and join in on the fun! Our camp is all about Science, Technology, Creativity, Engineering, and fun! Robotics classes will have **limited** spaces available. Facilitated by Cindy Featherston and Nancy Musgrave. (CISD Quest Teachers)

Sumo Bots – Kanichuwa!
This NXT Robotics session will let students collaborate with a partner to build a robot that will battle others in the class. Be the first to push everyone out of the ring!

AM Session
June 15-18 \$150
Grades 3, 4, 5, 6

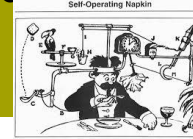

Animation Factory– This is a bring-your-own device camp . (Ipad or Iphone – with camera), iMovie, iStopmotion and Animator for Kids apps * are needed for this camp.) Students will learn to use their device to make stop motion movies!

PM Session
June 15-18 \$150
Grades 1,2,3,4,5,6

Rube Fest!
Fantastic physics comes to life as campers construct Rube Goldberg-style machines. Critical thinking, creativity and spatial skills are modeled.

June 8-11 AM Session
Grades 1-4
Cost: \$150

Littlebit Electronics–Come build with us as we teach you how to use Littlebit electronics. Student will take home a Littlebit electronics kit to keep the creativity flowing all summer long! (\$217 value) Lots of hands-on engineering fun!

Cost: \$350.00
June 8-11 PM Session
Grades 1-4

Build-A-Bot –This NXT Robotics camp will combine creativity with technology. What bot will you build?

AM Session
June 22-25 \$150
Grades 3, 4, 5, 6

Movie Madness Camp – This is a bring-your-own device camp . (Ipad or Iphone – with camera and iMovie, istopmotion, Puppet Pals (Director's Pass), and Animator for Kids apps* are needed to join this camp.) Students will learn to use their device to make movies!

PM Session
June 22-25 \$150
Grades 1,2,3,4,5,6
