SASO is an inclusive organization that welcomes all Mothers and Sons. Boys must be enrolled in 9<sup>th</sup> – 12<sup>th</sup> grade for the 2016-2017 school year and live in Southlake and/or attend Carroll High School. In order to continue offering quality community service opportunities for our members we will be limiting the size of our new members to 75 boys. While we are very proud of the inclusiveness of our organization, SASO has become a much sought after organization. For this we want to thank our current group of 267 boys and their moms.

For the 2016-2017 membership drive all applications (including membership fees) will be date marked on the day they are received. Once 75 New/Legacy Member Applications have been reached, a waitlist will be implemented. Please follow all the deadlines and make sure your application is complete.

**Applications will be available at the conclusion of the member meeting  
on, February 17, 2016, or online the morning of, February 18, 2016.**
