

# EATING LIKE EINSTEIN

Summer Brain Drain? Yea, Right!

Your curious kiddos will stay engaged all week long with these cool STEM and science explorations

Our camp gives your child the opportunity to learn about science, technology, engineering, and mathematics through hands-on investigations.

A few exciting activities include:

\*An edible science experiment everyday

\*Engineering Team Challenges

\*Programming and coding skills

\*Make your own moon rock, hovercraft, and flashlight out of recycled materials

And much, much more!!!!
