

Eating Like Einstein & Little Einstein Camps

July 17th—July 20th 2017

We are so excited to be offering our Eating Like Einstein and Little Einstein camps again this summer!! Your curious kiddos will stay engaged all week long with these cool STEM and science explorations. Our camp gives your child the opportunity to learn about science, technology, engineering and mathematics through hands-on investigations. We will have an EDIBLE snack that we create through the magic of science each day. We recommend that you register early as this camp was completely filled last summer. Join Mrs. Wommack, Mrs. Villarreal, Mrs. Wangler, and Mrs. Marshall for hands-on learning fun!

Please make checks payable to
Catherine Marshall or Kelly Wommack
and mail to:
