Dear Police Officers, firefighters, and Ambulances,

Thank you for keeping me and my family safe. I think it's really awesome that when people need help you can be there in a flash.

I am really happy that our community has enough money to support you. I am happy that police officers direct traffic so no accidents happen. I also think that the cameras that take a picture of a car's license plate if the car goes through a red light is good too. I think that less people would be killed or badly hurt if they did not ride motorcycles. It is awesome that

firefighters rescue trapped people and pets when they are in a house that is on fire. Ambulances I think save a lot of sick people's lives. When someone has a heart-attack the ambulances rush as fast as they can with their tools to where that person lives to try to save them.

I can't imagine what would happen without you guys. Thank you for

Saving many lives.

Thanks again,

Brie
